YOUR IPAD MINI SHOULD BE PLUGGED IN AND READY TO SET UP.

Please leave this information on the table when you leave.

ATTENTION:

If using an existing Apple ID, students may not use an Apple ID that they share with anyone else. **You must know, and have full access to, any security information related to your Apple ID.**

- If you use an existing Apple ID, **you may lose or alter data on other devices tied to that account.**
- Any questions about this can be answered by the laptop technicians.

Thank you, please continue on.
1. Turn the iPad on. Slide to set up.
2. Choose “English”.
3. Choose “United States”.
4. Choose “warrior”.
5. Log in with your WSU username and password and press “Join” in the top right corner. Your username is everything before the @winona.edu in your email.
6. Select “Trust” for certificate. It may take a few minutes to activate your iPad. Then press next.
7. Select “Enable Location Services”.
8. Winona State University will automatically configure your iPad. Press “Next” in the top right corner to continue.
9. Enter in your WSU username and password then press “Next”.
10. If you have an Apple ID already select “Sign in with Your Apple ID” and continue on to step 26. If you do not have an Apple ID select “Create a Free Apple ID” and continue on to the next step.
11. Select your birthdate with the rollers.

12. Enter your first and last name.

13. First choose to use your current email address.

14. Try using your winona.edu address. If your WSU email says it's in use, try another email or press back and select Get a free iCloud email address.

15. After you're finished entering an unused email address or creating a new iCloud email, enter a password and verify it.

16. Select each of your Security Questions and type in an answer to them. Then click "Next".

17. Press "Next" to skip this step.

18. Turn email updates off and press "Next".

19. Read Apple's "Terms and Conditions" and tap "Agree" in the bottom right corner when finished.

20. Confirm that you agree. It may take a few minutes to set up your Apple ID. The iPad will restart once and repeat steps 1 through 4.
21. Select “Use iCloud”.
22. Press Next.
23. Press Not Now.
24. You will be prompted to input a 4 digit passcode two times. Choose 4 numbers you will remember.
25. Confirm your passcode. **Skip to step 36.**
26. Enter in the full email address you used as an Apple ID and your Apple ID password. Press “Next” to continue.
27. Read Apple’s “Terms and Conditions” and tap “Agree” In the bottom right corner when finished.
28. Confirm that you agree. It may take a few minutes to set up your Apple ID.
29. Select “Use iCloud”.
30. Press Next.
31. If you have set up iMessage and FaceTime on another iDevice you will see this screen. Select which devices people should be able to reach you at. iCloud will update its settings. This may take a moment.

32. If you don’t see this screen, move to the next step. Otherwise, press “Not Now”.

33. You will be prompted to input a 4 digit passcode two times. Choose 4 numbers you will remember.

34. Confirm your passcode.

35. Choose either of the options.

36. Press “Get Started” to continue.

37. In 4-5 minutes a pop-up will show up asking you to sign into your iTunes store. Sign in with your Apple ID.

38. You have now completed your iPad personalization.
  - You will be presented with a password screen if you are going to change your settings or your email.

When you’ve finished setting up your iPad please put it to sleep or turn it off.

To Power Off:

- Hold down the “Sleep/Wake” button on the top right of the iPad.
- A red slider will show up on the screen. Slide to the right.
